PODCASTS: Year in Review

The Multiple Chronic Conditions Resource Center is proud to highlight the past year's Podcasts. We have interviewed key thought leaders in health policy, clinical practice, research and education. Our Podcast collection reflects an interdisciplinary perspective that includes the patient, family and caregiver. Stay tuned for more podcasts that strive to provide current trends in policy and practice to meet the complex care needs of the nation's largest patient population – those living with two or more chronic conditions.

PODCAST: *Person Centered Care Planning for Persons with Multiple Chronic Conditions*

Arlene Bierman MD, MS, Agency for Healthcare Research and Quality, **Brittany Watson MD, MPH**, Wake Forest University School of Medicine, **Jane Pederson MD, MS**, Stratis Health – discuss the recent JAMA Online publication Person-Centered Care Planning for People Living with or at Risk for Multiple Chronic Conditions. Discussion includes federal initiatives focused on person-centered care planning and how clinicians, organizations and policy can empower the largest US patient population

PODCAST: *A Paradigm Shift: Integrating Palliative Symptom Management in Multiple Chronic Conditions*

Eduardo Bruera MD, University of Texas MD Anderson Cancer Center describes the integration of palliative care into the primary care setting. Palliative care used in the management of multiple chronic conditions, improves physical functioning, quality of life and reduces acute exacerbations and hospitalization.

PODCAST: *Integrating Behavioral Health in the Primary Care Setting*

Paul Ciechanowski MD, University of Washington discusses how to integrate behavioral health in the primary care setting for persons living with multiple chronic conditions. He discusses clinical inertia and how this can influence health outcomes

PODCAST: *Patient Perspective on Living with Chronic Kidney Disease and Multiple Chronic Conditions.*

Richard Knight, Bowie State University describes his patient journey and kidney transplant. He describes the need for patient education and self-advocacy.

PODCAST: *Chronic Care Management: Do's, Don't's and Everything in Between*

Irina Koytman DNP discusses the Chronic Care Management, Medicare incentive for primary care providers. She promotes the use of this billing incentive through specialist providers.

PODCAST: *The Effects of the Immune System in Multiple Chronic Conditions*

Matthew Sorenson PhD, Texas A&M School of Nursing discusses how the immune system is affected by multiple chronic conditions.

PODCAST: *Helping Overloaded People Remaining in the Workforce*

Glenna Crooks PhD describes her research on helping overly committed people to remain in the workforce. She highlights her recent book *The NetworkSage: Realize Your Network Superpower*.

PODCAST: *Understanding the Link Between Diabetes and Low Testosterone in Men*

Julian Gallegos PhD, Purdue University School of Nursing describes the importance of men's health and the link between obesity, diabetes and low testosterone.

WEBINARS

UPCOMING WEBINAR

THURSDAY, APRIL 24

Person-Centered Care vs Patient-Centered

Course Objectives/Takeaways

- Review pathophysiology, diagnosis, management and incidence of prevalent malignancy.
- Describe how the nurse, pharmacist collaboration can ensure patient-centered care planning within the oncology setting.
- Examine the patient's oncology experience and how the nurse-pharmacist team can help to navigate the patient and family journey.
